MARYVILLE MAN IN BRITISH ARMY

FRANK J. PERRY ENLISTED AT
CALGARY, CANADA.

LITTLE MARTIENA SINGS "TIPPERARY"

But Two and Half Years Old, She
Doesn't Know Why—Father
Sailed From Halifax Oct. 27.

Down at 322 South Main street is a little girl, two and a half years old, who can sing only one song, and she sings that almost constantly. The little girl is Martiena Perry, and the song is "It's a Long, Long Way to Tipperary."

To the father of the little girl, Frank J. Perry, a former Maryville man, this city is "Tipperary," and it really is a long way now, for he sailed from Halifax, October 27, as a member of the Fifth Battalion, Company C, Canadian volunteers.

Mr. Perry is a son of Mrs. R. H. Perry, 401 East Third street. His wife was Elsie Gibson before her marriage. She is a daughter of Mrs. Mary E. Gibson. A sister of Mr. Perry, Miss Hazel Perry, is teaching school at Graham.

Perry enlisted in the British army the latter part of August at Calgary, Canada, where he was working at the saddlery trade. Until a week ago he was in training at Sacree camp there. One company a month is taken to England, and last month it was Company C.

They have no doubt landed by this time at Shorncliffe, England, where they will spend the winter, going to the front about March 1. Almost simultaneously with the announcement that they were to sail for the front came the news to Mrs. Perry which relieved her mind and made it possible for her to read war news and battle accounts without shuddering.

As a Harness Maker.
Her husband has been transferred from active soldiery to harness maker, and will probably never get very near the trenches and the dangers of shell, bullet and gas. Mr. Perry has been in that trade all of his life, either as a workman or a traveling salesman.

He was a drummer for the Calgary Saddlery company for a year, several years ago. When the war came on, they received large contracts, and in the middle of the summer wrote Mr. Perry at San Antonio, Texas, where he was working, offering him a good place.

He went to Calgary at once, coming with Mrs. Perry together as far as Moberly, Mo., where the wife came on here for a visit of several months with her people before joining her husband in Canada. Near the first of September, as Mrs. Perry was planning to leave for the north, came the stunning news that her husband had enlisted in the Canadian army.

So she is staying here to live from one letter to another. Meanwhile Martiena sings "Tipperary" all the time, but she doesn't know why. The British government allows the wife of a soldier \$20 a month, which is known as "separation allowance."

Soldiers Glad to Go.
The soldiers were all glad to get away from Calgary for Shorncliffe, for the former camp is full of snow and cold winds, while the gulf stream makes the great soldier camp on the English coast almost a summer climate. So the 1,200 men of the company rejoiced as they sailed from Halifax.

Mr. Perry writes many interesting things about his soldier life to his wife. He says that the biggest fact of all is that he has never been in such good condition physically, thanks to the training of the camp and the strict care with which the health of the troops is guarded.

"Only let us get a scratch from the lock of the gun and in comes a doctor," Mr. Perry writes. "And we are not al-

lowed to smoke and drink with the most severe penalties for violations. We have the best of eating and plenty of everything.

"Every day is as regular as clock-work can make it. We arise at 5:30; have a half hour to be ready for early morning drill. From 6 to 6:30 is drill; then breakfast, and back to the drill at 9:30, which lasts until noon. Forward march, squads right, left shoulder, and all of that begins again at 2 in the afternoon and lasts until 6. At that time we have the big meal of the day, and the rest of the time is at our disposal until 9:30, when every man except the night guards must be in his bed.

"We are seldom allowed to leave the camp to go downtown, but that is not so great a hardship, for there is a large Y. M. C. A. building within the camp, where we have all kinds of games and reading. No drills are held on Sunday, but every soldier is required to march to the big tabernacle for preaching services."

Mr. Perry also says that lugging a gun through the long hours of the night is about the most lonesome job he has ever performed. Night guard duty is passed around by a regular schedule.

The Maryville boy enlisted for one year. It was done more as men and boys in this country join the National guards, and he had little idea when he went into the army that an order would send them to Europe so soon if at all. He is 37 years old, and was born in Jamesport, coming to Maryville with his parents when about 12 years old, where he has lived most of the time since.

REAL LOCAL FILM NEXT

EVERY SCENE HERE AND ALL
MARYVILLE ACTORS.

Progress of "Baby Mine" From Infancy
to Marriage to Be Shown at Fern
Nov. 15, 16 and 17.

"Baby Mine" is a one-reel, home talent, all home-setting film which will be shown at the Fern theater Nov. 15, 16 and 17. This picture show is even more home-talent than the others for the photographer is F. R. Marcell and the stage director, James Ellis, manager of the theater.

The plot of the piece is to show a boy and a girl and their sweetheart experiences from infancy to marriage. The last scene of the wedding will be "filmed" this afternoon at one of the churches. The reel will be explained at its showing by a series of songs given by Miss Bess Scott.

"Baby" White of Red Oak, Ia., is the baby in the picture. When the promoters were ready for the infant scene they looked about on the street until a baby which suited them was found. It proved to be the White family, which had motored to Maryville last Saturday from the Iowa line, whose baby was chosen.

Gladys Yeaman takes the part of the nurse wheeling the baby along the walk. The first stage in the courtship is shown by little Miss Virginia Brown Dean, daughter of Dr. and Mrs. L. E. Dean, and Robert Mull Godsey, son of Mr. and Mrs. Ed Godsey.

Ralph Yehle and Dorothy McDonald are the next couple; then Ralph Ale and Miss Maud Helpley, Amy Clark and Fred Lewis, George Palfreyman and Miss Blanche Shipp, represent the growing affection in grammar school, high school and college life. All of the scenes are different and all taken in Maryville.

The bridal couple is Harvey McClary and Miss Anna Parle. Other characters are Dr. and Mrs. C. A. Bone, Miss Mary Stundon, Miss Blanche Gray, Eugene Yehle and Leslie Woodward. A number of high school boys will be shown in the picture which is to be taken late this afternoon.

The promoters are planning to have a series of such home talent pictures if the interest and patronage justifies.

Will Build in Spring.

W. H. Dinsmore is planning to build next spring on the eighty acres which he has just bought from John Dearsdorf, three miles northwest of Maryville. He paid about \$135 an acre for the land.

MAY DELAY ACTION

DEATH OF F. L. FLYNT'S FATHER
CALLS ENGINEER AWAY.

RESIGNATION WAS ASKED

Councilmen Think There is Not
Enough Work in Street Commis-
sioner's Office to Keep Man.

Although there is strong feeling in the city council that F. L. Flynt, city engineer and street commissioner, should resign because of the small amount of work for that office, it is probable that no action will be taken at the November meeting tomorrow night.

Mr. Flynt has been asked to resign and it was understood that he would do so, but a telegram yesterday afternoon late informed him of the death of his father in Kansas City and he left for that city. He stated before leaving that he would not be back by tomorrow night.

It is the plan of the city council to leave the office open, as the councilmen who have opposed Mr. Flynt say there is not enough work for the street commissioner to make the office necessary.

The council once before made an effort to oust Mr. Flynt from the office of city engineer, but the action failed. It is understood that no such action will be taken on abolishing the office, but no engineer will be chosen.

FATHER DIED SUDDENLY.

Robert F. Flynt, City Engineer's
Father, Victim of Heart Disease.

The Kansas City Star last night told of the death of Robert F. Flynt, father of F. L. Flynt, city engineer here, as follows:

When a Twelfth street car reached the end of the line at Sixteenth and Wyoming streets this morning, the conductor thought Robert F. Flynt, 212 Brooklyn avenue, was asleep. When he tried to wake him, he found Flynt was dead. Death resulted from heart disease.

Mr. Flynt, 55 years old, was freight claim adjuster for the Missouri Pacific railroad. He is survived by a son, F. L. Flynt, Maryville, Mo.; three sisters, Mrs. Laura Page, Kansas City; Mrs. John Staubman, Lexington, Mo.; Mrs. Anna Storandt, Marshall, Mo., and one brother, Dudley Flynt, St. Louis.

BARBER FARM QUARANTINED

Cattle Tuberculosis Is Reported by
Deputy Veterinarian Among Herd
Near Skidmore.

The county court yesterday afternoon ordered the quarantine of the cattle of F. C. Barber & Son, near Skidmore. Lyman D. Brown of Hamilton, Mo., deputy state veterinarian, reported tuberculosis among the cattle.

Jonah Brown, William Hitchcock and W. S. Linnville were appointed by the court to appraise the value of the stock in case it is found necessary to destroy them. The farm is a large cattle raising one and a sale was planned for this month which will probably have to be postponed or given up.

DEATH OF MISS MABEL SMITH.

Died at St. Joseph Hospital No. 2 Yesterday Afternoon—Funeral to Be Held Tomorrow.

Miss Mabel Ida Smith, daughter of C. C. Smith of 508 Prather avenue, died at St. Joseph hospital No. 2 yesterday afternoon at 4 o'clock. The remains were brought to Maryville this noon and funeral services will be held tomorrow afternoon at the home. Burial will take place in Miriam cemetery, by the side of her mother and sister. Mr. and Mrs. C. C. Clark and daughter, Miss Vernie Clark, of St. Joseph, accompanied the body to Maryville.

THESE MASONS WENT.

Banquet at Burlington Junction After
Conferring of Degrees.

Eight Maryville members of the Masonic order went to Burlington Junction last night, where they assisted in the conferring of degrees on John E. Carter and Fred E. Greenelsh. After the lodge meeting a banquet was served by the Burlington Junction chapter.

Those who went from here: J. E. Reece, district deputy; Mayor U. S. Wright, F. R. Marcell, Harry Snyder, Ed Williams, Dr. F. C. Wallis, James Smith and Walter Todd.

THREATENS SUICIDE AGAIN

Grover Anderson Fails to Take Enough
of Drug and Is Almost Well
Again Today.

Grover Anderson, threatening suicide, swallowed some medicine last night about 8 o'clock in his room, at the Ream hotel. This is the third time that he has made such an attempt.

When Dr. Will Wallis, Jr., coroner, arrived, after having been summoned by C. P. Anderson, proprietor of the hotel and father of the boy, it was found that the young man was not suffering much. After being given an emetic he sat up and was able to talk.

It is not known what drug was taken, as the bottle from which he poured the liquid could not be identified. The young man's mother had just come into the room when he raised the bottle to his lips and made the threat. He had been drinking yesterday, and Chief of Police Moberly was about to take him to the lock-up, but consented to let him be taken to his room if he was kept there until sober.

He is almost back to normal this morning. Dr. Wallis says that he hardly got enough into his stomach to hurt him, whatever the drug was.

GIRL TO C. AMERICA

MISS ORA BARMANN WILL VISIT A
FRIEND IN SALVADOR.

TO SPEND WINTER THERE

Passports Came Yesterday, Permitting
Passage Through Guatemala—Miss
Hortense Sol Has Visited Here.

A trip to Central America is the exciting prospect for Miss Ora Barmann, daughter of Mr. and Mrs. Frank Barmann, 116 West Sixth street. She will spend the winter with Miss Hortense Sol, a Salvador girl, with whom she went to school in Sacred Heart convent, in St. Joseph.

Miss Barmann will leave November 15, having received her passport from the state department yesterday. She will go to New Orleans by way of St. Louis. An aunt of Miss Sol will meet her in the Louisiana city and be her companion on the rest of the journey. The older woman is coming to this country to enter two daughters in school and will return with Miss Barmann.

They will sail from New Orleans for Puerto Barrios, on the west coast of Guatemala, where they will be met by Miss Sol and her father, Salvador Sol. They will go by rail to San Jose, on the coast, where a boat down the coast to Acajulla, the seaport of San Salvador, will be taken again.

Here they will take a train again for a short ride to the capital city, where the hostess lives. All of December will be spent in that city in the celebration of feast days and holidays in anticipation of Christmas.

After New Years they will go to Mr. Sol's plantation to spend several months. Miss Barmann will not return to Maryville until late in the spring. Miss Sol, with whom she will visit, has made several visits to Maryville.

Boy for Mr. and Mrs. Masters.

Mr. and Mrs. Will Masters are rejoicing today over the arrival of a boy this morning which weighed 12 pounds. They have two other children, both girls. Mother and child are doing nicely.

2 AMERICANS DEAD

VILLA SHOTS TWO DOWN WHO
DEMAND RELEASE.

NO FIRING OVER BORDER

Funston Says Commanders Have Been
Careful After One Protest to
General Calles.

Special to the Democrat-Forum
El Paso, Nov. 4.—It is reported here that Villa shot down two Americans at Ojito Pass while marching on Agua Prieta. They were Mormon colonists, one named Taylor, whose goods the rebel had confiscated.

Both of the men and their teams were forced into the army, and when the men demanded their release Villa shot them down with his own gun. The shooting took place at Casas Grandes, where they were hauling ammunition.

Both Sides Now Careful.

Washington, Nov. 4.—General Funston reported to the secretary of war today that the forces of General Calles, the Carranza leader, had deliberately fired at American officers in Douglas yesterday.

When the American commander immediately demanded an explanation, General Calles apologized for the Mexican government and assured him that the affair would not happen again. Regrets were expressed on behalf of Carranza.

Funston said that the Villistas have been careful not to fire on American soil. He in turn has not fired upon Mexicans, although several Americans have been wounded by stray bullets. He said that he had refused to fire because of the evident attempt of both Mexican commanders to prevent firing toward the United States.

Calles Fears a Trap.

Douglas, Ariz., Nov. 4.—Gen. Calles, the Carranza leader in Agua Prieta, refuses to send army in pursuit of Gen. Francisco Villa's army, fearing that abandonment attack is only a ruse by Villa to lure Calles into open for decisive battle.

The Villa army began moving away yesterday from Agua Prieta toward Naco.

Amnesty to Villa Soldiers.

Washington, Nov. 4.—The Carranza agency here states that an amnesty has been granted to all Villa followers up to the rank of first captain. Many are taking advantage of the offer, they report.

CHARACTERS EXCELLENT.

"Trail of the Lonesome Pine" Faithfully Portrayed Mountain Folks as They Are.

"The Trail of the Lonesome Pine," as played at the Empire theater last night, faithfully portrayed the mountain characters from which the play was developed.

June's great love for Jack Hale, the jealousy of her cousin, Dave; the rough yet sincere affection of her father, Judd Tolliver; the humorous simplicity of Uncle Billy, and Ole Hun; the quiet strength of Hale; the feudal scenes, the guiding motif of the opposed sides, and the picture of the mountaineer's household were portrayed as you can actually see them in their real mountain surroundings.

The stage settings were also excellent portrayals of the mountain life.

To those who already know of the life of the mountain folks, "The Trail of the Lonesome Pine" was particularly effective.

MEN'S CLUB TO MEET.

Monthly Dinner and Business Meeting
This Evening at First Baptist
Church.

The Men's club of the First Baptist church will hold their regular monthly banquet and meeting this evening in the basement of the church. About 100 tickets have been sold for the dinner. Several matters will be taken up, one of which is to discuss plans for further work of the two gospel teams of the church and to interest more lay members in the work.

INSPECTED POOR FARM

Court Found Things Satisfactory at
County Farm—To Visit Asylum
at St. Joseph.

The county court inspected the county poor farm today and were well pleased with conditions at that institution, under the management of Superintendent Will Job.

The court intends to go to St. Joseph tomorrow to visit state hospital No. 2. The county has a number of patients at the asylum.

The court will probably meet again on Saturday, November 13, when a road case hearing for the proposed change of the Graham-Maitland road will be taken up.

ALL DENY PEACE TALK

GERMANY CALLS RUMORS CLUMSY
EFFORTS OF ENEMY.

Visit of Prince von Buelow to Switzerland on Purely Private Mission
—Italy Says "Nothing in It."

Special to The Democrat-Forum.
Berlin, Nov. 4.—An editorial in the newspapers inspired by Kaiser Wilhelm assures the people of Germany that no contemplation of peace has been in the minds of the ruler or leaders of the Teutonic allies.

All reports of peace steps are denounced as clumsy attempts of the enemy to arouse spirit in their own country by saying that Germany is weary of war.

The visit of Prince von Buelow in Switzerland is asserted to be for a purely private mission, and it is claimed by the German government that he will not confer with any of the prominent men of the country nor will he discuss peace.

Italy Says "We, Too."

Washington, Nov. 4.—The Italian embassy here denied most emphatically that Italy was making any effort to talk terms of peace with any of the nations at war.

BIG ESTATE PROBATED.

Benjamin Bagby Leaves an Estate Valued at \$65,000.

The estate of Benjamin F. Bagby, who died at his home in Skidmore, on October 31, was probated this afternoon in probate court, and James R. Bagby, a son, was appointed administrator. The estate is valued at about \$65,000, and consists of about five hundred acres of land and about \$15,000 in personal property. Elizabeth T. Bagby was appointed curator of the estate of her daughter, Mary B. Bagby, a minor, by Probate Judge Conn.

MRS. B. A. DUNN DEAD.

Wife of Prof. B. A. Dunn, Former Maryville Resident, Died Tuesday Morning at Waukegan, Ill.

Word has been received by Maryville relatives of the death of Mrs. B. A. Dunn of Waukegan, Ill., which occurred at 7 o'clock Tuesday morning. Mrs. Dunn was the wife of Prof. B. A. Dunn, a former resident of Maryville for many years having been superintendent of the schools and also editor of the Maryville Republican.

PREMIER ZAIMIS SAYS HE'LL RESIGN

Deputies Refuse Vote of Confidence for
Zaimis Government.—Servia Is
Calling Strongly for Help.

Special to The Democrat-Forum.
Athens, Nov. 4.—The Greek government is on the verge of collapse and the chamber of deputies has refused to give the Zaimis cabinet a vote of confidence. The cabinet resignation is expected hourly.

The government's policy is attacked on all sides and there is a widespread demand that Venizelos be returned to power. He favors intervention on the Allies side.

Zaimis Has Resigned.

Athens, Nov. 4.—After the vote of the chamber of deputies had expressed a lack of confidence in the present government, Premier Zaimis asked the council to suspend work until a new cabinet was formed, as he would immediately hand his resignation to the king.

Zaimis has been in office less than a month. In the discussion in the chamber, Venizelos, who was forced out of the premiership by King Constantine because of his sympathy for the allies, said in a speech that it was impossible for his party to support the government, as its policy was considered harmful to the best interest of the country.

All leaders of the country engaged in the discussion.

Half of Servia Captured.

London, Nov. 4.—Half of Servia is now in the Allied Teutonic hands. The Austrians occupying Oshitzem are now attacking the Serbian stronghold near Chackack. A circle is being drawn around Nish.

A Berlin dispatch says Servia's condition is so serious that they notified Russia unless they receive adequate help immediately that she will make peace with Germans. Teutonic losses total 110,000 in Servia.

Forced Germans Back 15 Miles.

Petrograd, Nov. 4.—Shattering attacks by Russians in the Dvinsk section have forced Gen. von Hindenberg back fifteen miles. The war department declares Dvinsk and Riga are both safe from capture.

Trying to Aid Servia.

Geneva, Nov. 4.—It is reported that the Russian army is invading Bukovina and have captured Czernowitz. The Russians are trying to cut way through to aid Servia.

OPTIMISM IN PARIS

Following Premier Briand's Speech—Will Arrest von Buelow If He Attempts to Come to America
Special to The Democrat-Forum.

Paris, Nov. 4.—Newspapers all declare that if Prince von Buelow attempts to go to America to put peace propositions before President Wilson that he will be arrested by warships enroute.

The feeling here is one of optimism following Premier Briand's rousing speech yesterday before the chamber of deputies and reports of terrible internal conditions in Germany and Austria.

Announcement.
We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Four days without school. These are great days for the small boy.

October may linger as long in the lap of winter as it likes, so far as we are concerned.

Justice takes queer shoots in Mexico. Carranza is having the murderers of Madero executed, and is himself confiscating the Modera estates.

The wayfaring man, though a fool, need not err in Maryville streets now since the pretty new street signs are all up.

Macon is to have an automobile factory. Some towns just won't get along without something.

The Columbia Times, in arguing for publicity, says that when the light is turned on the bugs all run. Perhaps some varieties do, but a great number head straight for the light.

THE ELECTION RESULTS.

Republicans claim to be getting much comfort out of the election results Tuesday. If that is true, it is a case in which both sides may feel satisfied. The Republicans have reason to congratulate themselves on the return of some of the Progressive vote, a thing that everybody expected. The results, however, show that while the Progressive vote largely disappeared, it did not all go back to the Republicans by any means.

In Maryland, Kentucky and Massachusetts there were gubernatorial contests. Maryland has a Republican governor now, but elected a Democrat. Kentucky, which less than four years ago had a Republican governor, elected another Democratic governor. Both Maryland and Kentucky are normally Democratic, though of recent years they have frequently strayed from the fold.

In Massachusetts a Republican was

elector governor after a hard fight and by a close vote, but the Democratic candidate received 20,000 more votes than he received two years ago and more than 50,000 more than Woodrow Wilson received in Massachusetts for president. Massachusetts has been going Republican so long it has become a habit with the voters, and it there is any especial comfort to Republicans in the vote received by the victorious candidate for governor they are entitled to it. Governor-Elect McCall received a total of 235,918 votes against a total of 298,175 cast for Taft and Roosevelt for president.

In New York City, Tammany, the only Democratic organization swept everything, despite the fact that the administration has given them no assistance. In New Jersey the Republicans made gains in the legislature, and in a number of unimportant town elections, owing to gains from the Progressives, but the results in general show an increase in the Democratic strength.

One of the worst abuses a newspaper publisher has to contend with, says a writer in the American Press, is the man who comes in with a little job of printing, such as handbills, tickets and the like, and then asks for a free notice to be printed in the newspaper advertising the affair. But worse than that, observes an Iowa editor, is the individual or a society that brings notices to his paper for free publication and then has the nerve to get its handbills or programs printed at some other job office. "That beats buying groceries of your home dealer all winter on time and then sending the first cash made in the spring to Shears, Sawbuck & Company," he says.—University Missourian.

14 EXPERIMENT FIELDS IN USE.

Soils Department Notes Effect of Crop
Rotation Over State.

Fourteen experiment fields are conducted by the soils department of the college of agriculture to determine the kind of fertilizer to use on the different types of soil in Missouri. They are at Maryville, Nodaway county; Hurland, Knox county; Bowling Green, Pike county; Wentzville, St. Charles county; Vandalla, Audrain county; Windsor, Pettis county; Stafford, Greene county; Carthage, Jasper county; Willow Springs, Howell county; Billings, Christian county; St. James, Phelps county; Union, Franklin county; Morley, Scott county, and Poplar Bluff, Butler county. The location of a field is determined by the type of soil. The fertilizer adapted to a certain type of soil, in general, is the same throughout the state.

Crop rotation is practiced. In the northern part of the state a rotation of corn, oats, wheat and clover is followed. In the southern part soy beans take the place of oats. Each field is divided into four sections, these sections then being divided into smaller portions to which the different kind of fertilizer are applied.

The fields vary in size from eight to ten acres. They are rented for a period of five years. A man is employed by the soils department to visit the fields and direct the planting and harvesting of crops. Local laborers are employed to cultivate the crop.—University Missourian.

Horses' Tails Caught Fire.

Harry Coulter is preparing to buy another hay frame, and is having medical attention for a team, both of which possessions were burned Monday while raking some weeds into a bonfire. A first load had been ignited and an attempt was being made to drive the second load as close in as possible. The fire caught into the tails of the horses and from there to the weeds on the wagon. The frame was dumped off the wagon.

NEVER HANDLED A RIFLE

One Prisoner Taken in War Said He
Never Had a Gun in His Hands
and Didn't Know How to Shoot.

Special to The Democrat-Forum.

Vienna, Nov. 4.—A discovery which caused much amusement was recently made by a company of Austrian soldiers at the Italian front in the Tyrol. The company in a skirmish with the enemy made about a dozen prisoners and among them was one who had no rifle. When he was asked why he had thrown his weapon away, the rather distinguished looking soldier, who gave his name as Dr. Buccino, indignantly replied: "I never had a gun in my hands and do not know how to shoot."

This statement was received rather incredulously by the Austrians, but when the prisoner was given one of the captured Italian guns and asked to explain its mechanism it quickly became evident that he spoke the truth and that he never handled a rifle before.

The prisoner said he was professor of a young woman's seminary at Milan.

Two months ago he was called to the colors, despite the fact that he had formerly been excused from military service on account of the fact that service on account of physical defects. He received a uniform, but no arms, and was sent to the front with a transport of reservists, although he protested that he had no training. Without a rifle he took part in several battles and when the commander of his regiment refused to send him back to the recruiting camp he took the first opportunity to surrender. "What use am I, a soldier without a gun. I cannot fight and would surely be killed, as I am not able to defend myself," he told his captors.

GENERAL GIVES THREE SONS.

Mother, Seeing Messenger Coming,
Said, "Which One Is It?"

Paris, Nov. 4.—General de Castelnau has given a third son to his country. Sub-Lieutenant Hughes de Castelnau was killed the other day in Artois. There was just time before he died to pin the Legion of Honor on his tunic. He was a cadet in the military school when war broke out, and was

just over 20. Two elder brothers were killed at the beginning of the war. The General has two more sons at the front, and a sixth at school.

A moving anecdote is recalled of the death of the first son. The Marquise de Curieres de Castelnau went to mass at a country church, and the priest came up to her and took both hands, without saying a word. The Marquise looked at him. She understood, and merely said: "Which is it?"

Deer Seen Near Hopkins.

W. E. Johnston, who resides about six miles east of town, told the Journal Tuesday morning that he saw a big buck deer in the road near his home just before coming to town. He was within a few rods of the deer and says it was an old one with horns about three feet long. It did not seem very wild, jumping into the Wm. Cowen pasture, when it saw Mr. Johnston approaching, where it stopped and began feeding on the grass. It is supposed to be a deer escaping from some park or it might have possibly, by some hook or crook, reached here from the mountains of the far west. It is a fine specimen of the deer family, according to Mr. Johnston, and he says if he had had a gun he would have been tempted to have taken a shot at it.—Hopkins Journal.

OBITUARY.

George M. Ringold, son of George L. and Elizabeth McCullough Ringold, was born in Scott County, Ind., January 6, 1845. When he was eight years old the family moved to Clark county, Illinois, near the town of Marshall. At the age of seventeen he moved with parents to Nodaway county, Missouri, and settled on a farm three miles north and two miles west of Pickering. At the age of eighteen he enlisted in the Union army in the 43rd Missouri Infantry under the command of Capt. Right and served until the close of the war. After the war he came back to his home near Pickering.

In 1868 he was married to Judie Godsey. To this union was born four children, two of whom have preceded him in death. Those living are Mrs. Roy Wehrli of Mound City and James Ringold of Denver, Colo. The family resided near Clearmont until 1898 when they moved to Blackwell, Okla. After a two years' stay in Oklahoma, they moved to Plattsburg, Mo., and then to Mound City, Mo., where he resided at the time of his death.

About 1875 he was converted and united with the Central Friendship Baptist church of Nodaway county and since that time has lived a consistent Christian life and has been a faithful member of that church.

In his early manhood he joined the Masonic order at Pickering. He was one of the first members of the order in that community and has been faithful to the principles of Masonry until the time of his death.

He has been a good citizen, a faithful husband and a devoted father.

Besides the wife and two children he leaves to mourn his loss two sisters, Mrs. Jeanette Carpenter of Clearmont and Mrs. Annie Davis of Blackwell, Okla., and three brothers, John W., living near Pickering; James M., of Maryville, and Rev. A. T. Ringold of Northboro, Mass.

After a short illness of only a few hours he died at his home in Mound City October 26th, 1915 at the age of 70 years, 9 months and 20 days.

The funeral services were conducted at the home by Rev. Lewis M. Hale, pastor of the First Baptist church of Maryville and he was buried at Mound City. The services at the grave were in charge of the Masonic order of Mound City.

K. C. AFTER CONVENTIONS.

Hotel Accommodations and Central Location Told to Politicians.

Kansas City, Nov. 4.—Kansas City will get the Democratic national convention next summer if the hotel men have their way.

"I believe Kansas City should go after the convention with the united support of everyone," said S. J. Whitmore of the Hotel Muehlebach. "Kansas City is the logical location for the convention. It is centrally located and can accommodate the delegates and other visitors in every way. There is not a city in the United States where the hotel facilities are better, and I know of no building better fitted to accommodate the convention than our Convention Hall."

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION.

"Pape's Diapiesin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

NO LICENSE FOR WABASH

Secretary of State Says Corporation Must Be in Missouri to Make Permit Legal.

Jefferson City, Nov. 4.—A license for the Wabash Railway company, now an Indiana corporation, to operate in Missouri, was refused today by Secretary of State Roach.

Secretary Roach sent a letter to J. L. Minnis, general solicitor for the railway, in which he quoted a Missouri statute of 1913 providing that no corporations, not chartered under Missouri laws, shall be authorized to carry passengers or freight from one part of the state to another. He also quoted a section of the statute which provides that no corporation can be licensed in Missouri unless it could be incorporated in this state.

The new Wabash company was incorporated in Indiana under a law which permits a railroad company to go into the business of buying and selling railroads. There is no similar law in Missouri. Secretary Roach pointed out, and consequently the Wabash could not be incorporated under the Indiana plan in this state.

St. Louis, Nov. 4.—Edward F. Kearney, president of the Wabash railroad, today said the road would be operated in Missouri under its constitutional rights, regardless of the refusal of the secretary of state to issue a license. By refusing the license, he said, the state would lose \$19,665—the license fee—which the railroad would be glad to have back.

If the Wabash did not operate trains in Missouri, he said, it would be subject to litigation.

WAR ON MOTHS THAT HURT TREES

Agriculture Department Helps to Check Pests' Spread.

SEEKS TO REDUCE DAMAGE.

Entomologists Outline Plan For Infested Area, Telling How Effective Work Can Be Done In Doing Away With the Insects and Preventing Further Damage Next Year.

Washington. — The department of agriculture is making a special effort this fall to prevent the spread of gypsy and brown tail moths. It is the purpose of the government experts to put into operation some effective means of reducing further damage to orchards and forests by these pests.

In the areas infested by these pests much effective work can be done to reduce the damage that these insects are likely to cause the following year, according to entomologists of the department.

The caterpillars of the brown tail moth spin webs in the fall which remain on the tips of the twigs and branches during the winter. These webs should be cut and burned so that injury will not be caused by the caterpillars the following summer. Particular attention should be given to webs of this insect on trees which grow round dwellings or in orchards.

The apple, pear, cherry, oak and willow are among the trees which are favored as food by the brown tail moth caterpillars. In order to minimize the damage which is likely to result as much time as possible should

SECRETARY HOUSTON, HEAD OF DEPARTMENT WHICH IS WARNING ON MOTHS.

be devoted to cutting and burning worthless or seedling apple trees and wild cherry trees and brush. If this is done along the roadways and fences the appearance of the region will be greatly improved.

Care should be taken to protect pine and other coniferous trees, and hickory and ash should not be cut. They are not favored for food either by the caterpillars of the gypsy moth or by those of the brown tail moth.

A general cleanup such as has been mentioned will greatly assist in controlling this insect. The oak is a favored food of the brown tail moth and of the gypsy moth, and wherever it is possible to eliminate oaks less annoyance from these pests will be experienced.

In cutting wood in the winter for purposes of fuel the farmer would do well to select and cut trees which are favored as food by these insects. In this way he will not only secure the fuel which he desires, but will at the same time decrease the food supply of the pests mentioned.

It is needless to say that in cutting wood for fuel all sickly or diseased trees should be selected, so that the stand that remains will be healthy and vigorous. Each owner must make the selection for himself, but a great deal can be accomplished by planning the work a little in advance so that the necessary amounts of fuel can be obtained, the preferred food plants of these insects reduced in number and the condition of the wood lot improved.

The gypsy moth occurs in the egg stage during the winter, and much valuable work can be done in bringing about its control by treating the egg masses with creosote applied with a brush. This destroys the eggs so that the next brood of caterpillars is reduced.

For the information of residents of the district infested by the gypsy moth and the brown tail moth it should be said that this area has been placed under quarantine by the federal horticultural board. Nursery stock and living plants cannot be shipped outside the area unless the trees or plants have been examined by an authorized inspector.

LUNCHEON IS THE MEAL

Since the War Restaurants in London Report Luncheons Taking the Place of Dinners.

Special to The Democrat-Forum.

London, Nov. 4.—Luncheon has come into its own in London as the meal for seeing and entertaining friends and this in circles above those where the meal is valued as an opportunity to elude the ban on treating. Not only fashionable restaurants, but the little French and Italian restaurants are losing habitual diners who do not care to face the darkened streets. But there has been a notable increase in the number of lunch patrons, so much so that tables have to be ordered in advance at quite modest establishments.

Till lately, luncheon, except at the really smart restaurants, has not been regarded as a social meal. Women luncheon alone, or in couples during an interval in shopping, and business men, with a sprinkling of the more Bohemian folk, used to make up the luncheon throng. Now, however, the restaurants are having much to their satisfaction to cater for family parties, a little lunch in town, with a matinee in the afternoon, taking the place of the little dinner followed by the theatre.

GOOD SALE AT LONG'S.

Spring Pigs Averaged \$24, and Total Price Was \$1,595.30.

A good crowd of buyers were at O. W. Long's sale of Poland-China and Duroc-Jersey hogs, held at the Long farm, northeast of Craig, Wednesday, October 27. The offering was in good condition and the spring pigs brought an average of \$24, which was considered a good deal below their worth. They could have brought a much higher average and still been a profitable investment to their owners. The total amount of the sale was \$1,595.30.

Mr. Long will hold another sale next February, which will include hogs and cattle—a choice lot of bred sows and gilts of both breeds and Shorthorn cattle.

Nodaway county buyers at the sale were Uba New, J. E. Ward, James B. Ward and C. M. Driver, all of Skidmore.

Bankrupt Sale.

On Saturday, November 6, 1915, at 2 o'clock p. m., the stock of hardware of Harry W. McClain, a bankrupt, will be sold for cash at Clearmont, Mo., to the highest bidder, subject to the approval of the referee, John S. Boyer, St. Joseph, Mo. WM. T. HUMPHREY, Trustee.

HIGH COST OF SWEEPING.

Broom Corn and Dyes Are Increasing in Price Precisely.

Do your broom shopping early, Madame Housewife, for broom prices are going up, up, up, so high that the spring house cleaning custom threatens to become a myth on account of the high cost of sweeping. In the last week broom corn has advanced from \$139 to \$140 a ton. Prices in other years have ranged from \$75 to \$100 per ton. And the brook dyes which were selling at 85 cents a pound in August can scarcely be had now for \$7.00 per pound. Which means that brooms formerly selling for 30 to 50 cents will now bring 45 to 65 cents. Broom manufacturers say that the high prices are caused by the shortage of the broom corn crop, which the government reports show was only 70 per cent of last year's acreage and 50 per cent of this has been ruined by wet weather. Oklahoma is one of the largest producers of broom corn. The broom dyes come almost exclusively from Germany and cannot be obtained now.

MARYVILLE MAN IN BRITISH ARMY

FRANK J. PERRY ENLISTED AT
CALGARY, CANADA.

LITTLE MARTIENA SINGS "TIPPERARY"

But Two and Half Years Old, She
Doesn't Know Why—Father
Sailed From Halifax Oct. 27.

Down at 322 South Main street is a little girl, two and a half years old, who can sing only one song, and she sings that almost constantly. The little girl is Martiena Perry, and the song is "It's a Long, Long Way to Tipperary."

To the father of the little girl, Frank J. Perry, a former Maryville man, this city is "Tipperary," and it really is a long way now, for he sailed from Halifax, October 27, as a member of the Fifth battalion, Company C, Canadian volunteers.

Mr. Perry is a son of Mrs. R. H. Perry, 401 East Third street. His wife was Elsie Gibson before her marriage. She is a daughter of Mrs. Mary E. Gibson. A sister of Mr. Perry, Miss Hazel Perry, is teaching school at Graham.

Perry enlisted in the British army the latter part of August at Calgary, Canada, where he was working at the saddlery trade. Until a week ago he was in training at Sacree camp there. One company a month is taken to England, and last month it was Company C.

They have no doubt landed by this time at Shorncliffe, England, where they will spend the winter, going to the front about March 1. Almost simultaneously with the announcement that they were to sail for the front came the news to Mrs. Perry which relieved her mind and made it possible for her to read war news and battle accounts without shuddering.

As a Harness Maker.
Her husband has been transferred from active soldiery to harness maker, and will probably never get very near the trenches and the dangers of shell, bullet and gas. Mr. Perry has been in that trade all of his life, either as a workman or a traveling salesman.

He was a drummer for the Calgary Saddlery company for a year, several years ago. When the war came on, they received large contracts, and in the middle of the summer wrote Mr. Perry at San Antonio, Texas, where he was working, offering him a good place.

He went to Calgary at once, coming with Mrs. Perry together as far as Moberly, Mo., where the wife came on here for a visit of several months with her people before joining her husband in Canada. Near the first of September, as Mrs. Perry was planning to leave for the north, came the stunning news that her husband had enlisted in the Canadian army.

So she is staying here to live from one letter to another. Meanwhile Martiena sings "Tipperary" all the time, but she doesn't know why. The British government allows the wife of a soldier \$20 a month, which is known as "separation allowance."

Soldiers Glad to Go.
The soldiers were all glad to get away from Calgary for Shorncliffe, for the former camp is full of snow and cold winds, while the gulf stream makes the great soldier camp on the English coast almost a summer climate. So the 1,200 men of the company rejoiced as they sailed from Halifax.

Mr. Perry writes many interesting things about his soldier life to his wife. He says that the biggest fact of all is that he has never been in such good condition physically, thanks to the training of the camp and the strict care with which the health of the troops is guarded.

"Only let us get a scratch from the lock of the gun and in comes a doctor," Mr. Perry writes. "And we are not al-

lowed to smoke and drink with the most severe penalties for violations. We have the best of eating and plenty of everything.

"Every day is as regular as clock-work can make it. We arise at 5:30; have a half hour to be ready for early morning drill. From 6 to 6:30 is drill; then breakfast, and back to the drill at 9:30, which lasts until noon. Forward march, squads right, left shoulder, and all of that begins again at 2 in the afternoon and lasts until 6. At that time we have the big meal of the day, and the rest of the time is at our disposal until 9:30, when every man except the night guards must be in his bed.

"We are seldom allowed to leave the camp to go downtown, but that is not so great a hardship, for there is a large Y. M. C. A. building within the camp, where we have all kinds of games and reading. No drills are held on Sunday, but every soldier is required to march to the big tabernacle for preaching services."

Mr. Perry also says that lugging a gun through the long hours of the night is about the most lonesome job he has ever performed. Night guard duty is passed around by a regular schedule.

The Maryville boy enlisted for one year. It was done more as men and boys in this country join the National guards, and he had little idea when he went into the army that an order would send them to Europe so soon if at all. He is 37 years old, and was born in Jamesport, coming to Maryville with his parents when about 12 years old, where he has lived most of the time since.

REAL LOCAL FILM NEXT

EVERY SCENE HERE AND ALL
MARYVILLE ACTORS.

Progress of "Baby Mine" From Infancy
to Marriage to Be Shown at Fern
Nov. 15, 16 and 17.

"Baby Mine" is a one-reel, home talent, all home-setting film which will be shown at the Fern theater Nov. 15, 16 and 17. This picture show is even more home-talent than the others for the photographer is F. R. Marcell and the stage director, James Ellis, manager of the theatre.

The plot of the piece is to show a boy and a girl and their sweetheart experiences from infancy to marriage. The last scene of the wedding will be "filmed" this afternoon at one of the churches. The reel will be explained at its showing by a series of songs given by Miss Bess Scott.

"Baby" White of Red Oak, Ia., is the baby in the picture. When the promoters were ready for the infant scene they looked about on the street until a baby which suited them was found. It proved to be the White family, which had motored to Maryville last Saturday from the Iowa line, whose baby was chosen.

Gladys Yeaman takes the part of the nurse wheeling the baby along the walk. The first stage in the courtship is shown by little Miss Virginia Brown Dean, daughter of Dr. and Mrs. L. E. Dean, and Robert Muir Godsey, son of Mr. and Mrs. Ed Godsey.

Ralph Yehle and Dorothy McDonald are the next couple; then Ralph Aley and Miss Maud Helyp, Amy Clark and Fred Lewis, George Palfreyman and Miss Blanche Shipp, represent the growing affection in grammar school, high school and college life. All of the scenes are different and all taken in Maryville.

The bridal couple is Harvey McClary and Miss Anna Parle. Other characters are Dr. and Mrs. C. A. Bone, Miss Mary Stundon, Miss Blanche Gray, Eugene Yehle and Leslie Woodard. A number of high school boys will be shown in the picture which is to be taken late this afternoon.

The promoters are planning to have a series of such home talent pictures if the interest and patronage justifies.

Will Build in Spring.

W. H. Dinsmore is planning to build next spring on the eighty acres which he has just bought from John Dearnford, three miles northwest of Maryville. He paid about \$135 an acre for the land.

MAY DELAY ACTION

DEATH OF F. L. FLYNT'S FATHER
CALLS ENGINEER AWAY.

RESIGNATION WAS ASKED

Councilmen Think There is Not
Enough Work in Street Commis-
sioner's Office to Keep Man.

Although there is strong feeling in the city council that F. L. Flynt, city engineer and street commissioner, should resign because of the small amount of work for that office, it is probable that no action will be taken at the November meeting tomorrow night.

Mr. Flynt has been asked to resign and it was understood that he would do so, but a telegram yesterday afternoon late informed him of the death of his father in Kansas City and he left for that city. He stated before leaving that he would not be back by tomorrow night.

It is the plan of the city council to leave the office open, as the councilmen who have opposed Mr. Flynt say there is not enough work for the street commissioner to make the office necessary.

The council once before made an effort to oust Mr. Flynt from the office of city engineer, but the action failed. It is understood that no such action will be taken on abolishing the office, but no engineer will be chosen.

FATHER DIED SUDDENLY.

Robert F. Flynt, City Engineer's
Father, Victim of Heart Disease.

The Kansas City Star last night told of the death of Robert F. Flynt, father of F. L. Flynt, city engineer here, as follows:

When a Twelfth street car reached the end of the line at Sixteenth and Wyoming streets this morning, the conductor thought Robert F. Flynt, 212 Brooklyn avenue, was asleep. When he tried to wake him, he found Flynt was dead. Death resulted from heart disease.

Mr. Flynt, 55 years old, was freight claim adjuster for the Missouri Pacific railroad. He is survived by a son, F. L. Flynt, Maryville, Mo.; three sisters, Mrs. Laura Page, Kansas City; Mrs. John Paubman, Lexington, Mo.; Mrs. Anna Storandt, Marshall, Mo., and one brother, Dudley Flynt, St. Louis.

BARBER FARM QUARANTINED

Cattle Tuberculosis Is Reported by
Deputy Veterinarian Among Herd
Near Skidmore.

The county court yesterday afternoon ordered the quarantine of the cattle of F. C. Barber & Son, near Skidmore. Lyman D. Brown of Hamilton, Mo., deputy state veterinarian, reported tuberculosis among the cattle.

Jonah Brown, William Hitchcock and W. S. Linville were appointed by the court to appraise the value of the stock in case it is found necessary to destroy them. The farm is a large cattle raising one and a sale was planned for this month which will probably have to be postponed or given up.

DEATH OF MISS MABEL SMITH.

Died at St. Joseph Hospital No. 2 Yes-
terday Afternoon—Funeral to
Be Held Tomorrow.

Miss Mabel Ida Smith, daughter of C. C. Smith of 508 Prather avenue, died at St. Joseph hospital No. 2 yesterday afternoon at 4 o'clock. The remains were brought to Maryville this noon and funeral services will be held tomorrow afternoon at the home. Burial will take place in Miriam cemetery, by the side of her mother and sister. Mr. and Mrs. C. C. Clark and daughter, Miss Vernie Clark, of St. Joseph, accompanied the body to Maryville.

THESE MASONS WENT.

Banquet at Burlington Junction After
Conferring of Degrees.

Eight Maryville members of the Masonic order went to Burlington Junction last night, where they assisted in the conferring of degrees on John E. Carter and Fred E. Greenelsh. After the lodge meeting a banquet was served by the Burlington Junction chapter.

Those who went from here: J. E. Reece, district deputy; Mayor U. S. Wright, F. R. Marcell, Harry Snyder, Ed Williams, Dr. F. C. Wallis, James Smith and Walter Todd.

THREATENS SUICIDE AGAIN

Grover Anderson Fails to Take Enough
of Drug and Is Almost Well
Again Today.

Grover Anderson, threatening suicide, swallowed some medicine last night about 8 o'clock in his room, at the Ream hotel. This is the third time that he has made such an attempt.

When Dr. Will Wallis, Jr., coroner, arrived, after having been summoned by C. P. Anderson, proprietor of the hotel and father of the boy, it was found that the young man was not suffering much. After being given an emetic he sat up and was able to talk.

It is not known what drug was taken, as the bottle from which he poured the liquid could not be identified. The young man's mother had just come into the room when he raised the bottle to his lips and made the threat. He had been drinking yesterday, and Chief of Police Moberly was about to take him to the lock-up, but consented to let him be taken to his room if he was kept there until sober.

He is almost back to normal this morning. Dr. Wallis says that he hardly got enough into his stomach to hurt him, whatever the drug was.

GIRL TO C. AMERICA

MISS ORA BARMANN WILL VISIT A
FRIEND IN SALVADOR.

TO SPEND WINTER THERE

Passports Came Yesterday, Permitting
Passage Through Guatemala—Miss
Hortense Sol Has Visited Here.

A trip to Central America is the exciting prospect for Miss Ora Barmann, daughter of Mr. and Mrs. Frank Barmann, 116 West Sixth street. She will spend the winter with Miss Hortense Sol, a Salvador girl, with whom she went to school in Sacred Heart convent, in St. Joseph.

Miss Barmann will leave November 15, having received her passport from the state department yesterday. She will go to New Orleans by way of St. Louis. An aunt of Miss Sol will meet her in the Louisiana city and be her companion on the rest of the journey. The older woman is coming to this country to enter two daughters in school and will return with Miss Barmann.

They will sail from New Orleans for Puerto Barrios, on the west coast of Guatemala, where they will be met by Miss Sol and her father, Salvador Sol. They will go by rail to San Jose, on the coast, where a boat down the coast to Acajula, the seaport of San Salvador, will be taken again.

Here they will take a train again for a short ride to the capital city, where the hostess lives. All of December will be spent in that city in the celebration of feast days and holidays in anticipation of Christmas.

After New Years they will go to Mr. Sol's plantation to spend several months. Miss Barmann will not return to Maryville until late in the spring. Miss Sol, with whom she will visit, has made several visits to Maryville.

Boy for Mr. and Mrs. Masters.

Mr. and Mrs. Will Masters are rejoicing today over the arrival of a boy this morning which weighed 12 pounds. They have two other children, both girls. Mother and child are doing nicely.

2 AMERICANS DEAD

VILLA SHOTS TWO DOWN WHO
DEMAND RELEASE.

NO FIRING OVER BORDER

Funston Says Commanders Have Been
Careful After One Protest to
General Calles.

Special to the Democrat-Forum

El Paso, Nov. 4.—It is reported here that Villa shot down two Americans at Ojito Pass while marching on Agua Prieta. They were Mermon colonists, one named Taylor, whose goods the rebel had confiscated.

Both of the men and their teams were forced into the army, and when the men demanded their release Villa shot them down with his own gun. The shooting took place at Casas Grandes, where they were hauling ammunition.

Both Sides Now Careful.

Washington, Nov. 4.—General Funston reported to the secretary of war today that the forces of General Calles, the Carranza leader, had deliberately fired at American officers in Douglas yesterday.

When the American commander immediately demanded an explanation, General Calles apologized for the Mexican government and assured him that the affair would not happen again. Regrets were expressed on behalf of Carranza.

Funston said that the Villistas have been careful not to fire on American soil. He in turn has not fired upon Mexicans, although several Americans have been wounded by stray bullets. He said that he had refused to fire because of the evident attempt of both Mexican commanders to prevent firing toward the United States.

Calles Fears a Trap.

Douglas, Ariz., Nov. 4.—Gen. Calles, the Carranza leader in Agua Prieta, refuses to send army in pursuit of Gen. Francisco Villa's army, fearing that abandonment attack is only a ruse by Villa to lure Calles into open for decisive battle.

The Villa army began moving away yesterday from Agua Prieta toward Naco.

Amnesty to Villa Soldiers.

Washington, Nov. 4.—The Carranza agency here states that an amnesty has been granted to all Villa followers up to the rank of first captain. Many are taking advantage of the offer, they report.

CHARACTERS EXCELLENT.

"Trail of the Lonesome Pine" Faith-
fully Portrayed Mountain Folks
as They Are.

"The Trail of the Lonesome Pine," as played at the Empire theater last night, faithfully portrayed the mountain characters from which the play was developed.

June's great love for Jack Hale, the jealousy of her cousin, Dave; the rough yet sincere affection of her father, Judd Tolliver; the humorous simplicity of Uncle Billy, and Ole Hun; the quiet strength of Hale; the feudal scenes, the guiding motif of the opposed sides, and the picture of the mountaineer's household were portrayed as you can actually see them in their real mountain surroundings.

The stage settings were also excellent portrayals of the mountain life. To those who already know of the life of the mountain folks, "The Trail of the Lonesome Pine" was particularly effective.

MEN'S CLUB TO MEET.

Monthly Dinner and Business Meeting
This Evening at First Bap-
tist Church.

The Men's club of the First Baptist church will hold their regular monthly banquet and meeting this evening in the basement of the church. About 100 tickets have been sold for the dinner. Several matters will be taken up, one of which is to discuss plans for further work of the two gospel teams of the church and to interest more lay members in the work.

INSPECTED POOR FARM

Court Found Things Satisfactory at
County Farm—To Visit Asylum
at St. Joseph.

The county court inspected the county poor farm today and were well pleased with conditions at that institution, under the management of Superintendent Will Job.

The court intends to go to St. Joseph tomorrow to visit state hospital No. 2. The county has a number of patients at the asylum.

The court will probably meet again on Saturday, November 13, when a road case hearing for the proposed change of the Graham-Maitland road will be taken up.

ALL DENY PEACE TALK

GERMANY CALLS RUMORS CLUMSY
EFFORTS OF ENEMY.

Visit of Prince von Buelow to Swit-
zerland on Purely Private Mission
—Italy Says "Nothing in It."

Special to the Democrat-Forum.

Berlin, Nov. 4.—An editorial in the newspapers inspired by Kaiser Wilhelm assures the people of Germany that no contemplation of peace has been in the minds of the ruler or leaders of the Teutonic allies.

All reports of peace steps are denounced as clumsy attempts of the enemy to arouse spirit in their own country by saying that Germany is weary of war.

The visit of Prince von Buelow in Switzerland is asserted to be for a purely private mission, and it is claimed by the German government that he will not confer with any of the prominent men of the country nor will he discuss peace.

Italy Says "We, Too."

Washington, Nov. 4.—The Italian embassy here denied most emphatically that Italy was making any effort to talk terms of peace with any of the nations at war.

TO SPEAK AT NEW YORK.

President Wilson to Give Speech Be-
fore Manhattan Club There
Tonight.

Special to the Democrat-Forum.

Washington, Nov. 4.—President Wilson, Secretary Tumulty and the president's physician, Dr. Grayson, started to New York, where President Wilson will give an address before the Manhattan club this evening.

BIG ESTATE PROBATED.

Benjamin Bagby Leaves an Estate Val-
ued at \$65,000.

The estate of Benjamin F. Bagby, who died at his home in Skidmore, on October 31, was probated this afternoon in probate court, and James R. Bagby, a son, was appointed administrator. The estate is valued at about \$65,000, and consists of about five hundred acres of land and about \$15,000 in personal property. Elizabeth T. Bagby was appointed curator of the estate of her daughter, Mary B. Bagby, a minor, by Probate Judge Conn.

MRS. B. A. DUNN DEAD.

Wife of Prof. B. A. Dunn, Former Mary-
ville Resident, Died Tuesday Morn-
ing at Waukegan, Ill.

Word has been received by Maryville relatives of the death of Mrs. B. A. Dunn of Waukegan, Ill., which occurred at 7 o'clock Tuesday morning. Mrs. Dunn was the wife of Prof. B. A. Dunn, a former resident of Maryville for many years having been superintendent of the schools and also editor of the Maryville Republican.

Mrs. Rasmussen Here.

Mrs. E. T. Rasmussen of Riverton, Neb., arrived Wednesday night on account of the illness of her mother, Mrs. H. T. Crane.

GREEK CABINET NEAR COLLAPSE

BELIEVED SENTIMENT FOR ALLIES
WILL CAUSE OVERTHROW.

PREMIER ZAIMIS SAYS HE'LL RESIGN

Deputies Refuse Vote of Confidence for
Zaimis Government.—Servia Is
Calling Strongly for Help.

Special to the Democrat-Forum.

Athens, Nov. 4.—The Greek government is on the verge of collapse and the chamber of deputies has refused to give the Zaimis cabinet a vote of confidence. The cabinet resignation is expected hourly.

The government's policy is attacked on all sides and there is a widespread demand that Venizelos be returned to power. He favors intervention on the Allies side.

Zaimis Has Resigned.

Athens, Nov. 4.—After the vote of the chamber of deputies had expressed a lack of confidence in the present government, Premier Zaimis asked the council to suspend work until a new cabinet was formed, as he would immediately hand his resignation to the king.

Zaimis has been in office less than a month. In the discussion in the chamber, Venizelos, who was forced out of the premiership by King Constantine because of his sympathy for the allies, said in a speech that it was impossible for his party to support the government, as its policy was considered harmful to the best interest of the country.

All leaders of the country engaged in the discussion.

Half of Servia Captured.

London, Nov. 4.—Half of Servia is now in the Allied Teutonic hands. The Austrians occupying Oshitzem are now attacking the Serbian stronghold near Chachack. A circle is being drawn around Nish.

A Berlin dispatch says Servia's condition is so serious that they notified Russia unless they receive adequate help immediately that she will make peace with Germans. Teutonic losses total 110,000 in Servia.

Forced Germans Back 15 Miles.

Petrograd, Nov. 4.—Shattering attacks by Russians in the Dvinsk section have forced Gen. von Hindenburg back fifteen miles. The war department declares Dvinsk and Riga are both safe from capture.

Trying to Aid Servia.

Geneva, Nov. 4.—It is reported that the Russian army is invading Bukovina and have captured Czernowitz. The Russians are trying to cut way through to aid Servia.

OPTIMISM IN PARIS

Following Premier Briand's Speech
—Will Arrest von Buelow if He
Attempts to Come to America
Special to the Democrat-Forum.

Paris, Nov. 4.—Newspapers all declare that if Prince von Buelow attempts to go to America to put peace propositions before President Wilson that he will be arrested by warships enroute.

The feeling here is one of optimism following Premier Briand's rousing speech yesterday before the chamber of deputies and reports of terrible internal conditions in Germany and Austria.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Four days without school. These are great days for the small boy.

October may linger as long in the lap of winter as it likes, so far as we are concerned.

Justice takes queer shoots in Mexico. Carranza is having the murderers of Madero executed, and is himself confiscating the Modera estates.

The wayfaring man, though a fool, need not err in Maryville streets now since the pretty new street signs are all up.

Macon is to have an automobile factory. Some towns just won't get along without something.

The Columbia Times, in arguing for publicity, says that when the light is turned on the bugs all run. Perhaps some varieties do, but a great number head straight for the light.

THE ELECTION RESULTS.

Republicans claim to be getting much comfort out of the election results Tuesday. If that is true, it is a case in which both sides may feel satisfied. The Republicans have reason to congratulate themselves on the return of some of the Progressive vote, a thing that everybody expected. The results, however, show that while the Progressive vote largely disappeared, it did not all go back to the Republicans by any means.

In Maryland, Kentucky and Massachusetts there were gubernatorial contests. Maryland has a Republican governor now, but elected a Democrat. Kentucky, which less than four years ago had a Republican governor, elected another Democratic governor. Both Maryland and Kentucky are normally Democratic, though of recent years they have frequently strayed from the fold.

In Massachusetts a Republican was

elected governor after a hard fight and by a close vote, but the Democratic candidate received 20,000 more votes than he received two years ago and more than 50,000 more than Woodrow Wilson received in Massachusetts for president. Massachusetts has been going Republican so long it has become a habit with the voters, and it there is any especial comfort to Republicans in the vote received by the victorious candidate for governor they are entitled to it. Governor-Elect McCall received a total of 255,918 votes against a total of 298,175 cast for Taft and Roosevelt for president.

In New York City, Tammany, the only Democratic organization swept everything, despite the fact that the administration has given them no assistance. In New Jersey the Republicans made gains in the legislature, and in a number of unimportant town elections, owing to gains from the Progressives, but the results in general show an increase in the Democratic strength.

One of the worst abuses a newspaper publisher has to contend with, says a writer in the American Press, is the man who comes in with a little job of printing, such as handbills, tickets and the like, and then asks for a free notice to be printed in the newspaper advertising the affair. But worse than that, observes an Iowa editor, is the individual or a society that brings notices to his paper for free publication and then has the nerve to get its handbills or programs printed at some other job office. "That beats buying groceries of your home dealer all winter on time and then sending the first cash made in the spring to Shears, Sawbuck & Company," he says.—University Missourian.

14 EXPERIMENT FIELDS IN USE.

Soils Department Notes Effect of Crop Rotation Over State.

Fourteen experiment fields are conducted by the soils department of the college of agriculture to determine the kind of fertilizer to use on the different types of soil in Missouri. They are at Maryville, Nodaway county; Hurland, Knox county; Bowling Green, Pike county; Wentzville, St. Charles county; Vandalia, Audrain county; Windsor, Pettis county; Stafford, Greene county; Carthage, Jasper county; Willow Springs, Howell county; Billings, Christian county; St. James, Phelps county; Union, Franklin county; Morley, Scott county, and Poplar Bluff, Butler county. The location of a field is determined by the type of soil. The fertilizer adapted to a certain type of soil, in general, is the same throughout the state.

Crop rotation is practiced. In the northern part of the state a rotation of corn, oats, wheat and clover is followed. In the southern part soy beans take the place of oats. Each field is divided into four sections, these sections then being divided into smaller portions to which the different kind of fertilizer are applied.

The fields vary in size from eight to ten acres. They are rented for a period of five years. A man is employed by the soils department to visit the fields and direct the planting and harvesting of crops. Local laborers are employed to cultivate the crop.—University Missourian.

Horses' Tails Caught Fire.

Harry Coulter is preparing to buy another hay frame, and is having medical attention for a team, both of which possessions were burned Monday while raking some weeds into a bonfire. A first load had been ignited and an attempt was being made to drive the second load as close in as possible. The fire caught into the tails of the horses and from there to the weeds on the wagon. The frame was dumped off the wagon.

NEVER HANDLED A RIFLE

One Prisoner Taken in War Said He Never Had a Gun in His Hands and Didn't Know How to Shoot. Special to The Democrat-Forum.

Vienna, Nov. 4.—A discovery which caused much amusement was recently made by a company of Austrian soldiers at the Italian front in the Tyrol. The company in a skirmish with the enemy made about a dozen prisoners and among them was one who had no rifle. When he was asked why he had thrown his weapon away, the rather distinguished looking soldier, who gave his name as Dr. Buccino, indignantly replied: "I never had a gun in my hands and do not know how to shoot."

This statement was received rather incredulously by the Austrians, but when the prisoner was given one of the captured Italian guns and asked to explain its mechanism it quickly became evident that he spoke the truth and that he never handled a rifle before.

The prisoner said he was professor of a young woman's seminary at Milan. school when war broke out, and was

just over 20. Two elder brothers were killed at the beginning of the war. The General has two more sons at the front, and a sixth at school. A moving anecdote is recalled of the death of the first son. The Marquise de Curieres de Castelnau went to mass at a country church, and the priest came up to her and took both hands, without saying a word. The Marquise looked at him. She understood, and merely said: "Which is it?"

"What use am I, a soldier without a gun. I cannot fight and would surely be killed, as I am not able to defend myself," he told his captors.

GENERAL GIVES THREE SONS.

Mother, Seeing Messenger Coming, Said, "Which One Is It?"

Paris, Nov. 4.—General de Castelnau has given a third son to his country. Sub-Lieutenant Hughes de Castelnau was killed the other day in Artois. There was just time before he died to pin the Legion of Honor on his tunic. He was a cadet in the military school when war broke out, and was

Deer Seen Near Hopkins.

W. E. Johnston, who resides about six miles east of town, told the Journal Tuesday morning that he saw a big buck deer in the road near his home just before coming to town. He was within a few rods of the deer and says it was an old one with horns about three feet long. It did not seem very wild, jumping into the Wm. Cowen pasture, when it saw Mr. Johnston approaching, where it stopped and began feeding on the grass. It is supposed to be a deer escaping from some park or it might have possibly, by some hook or crook, reached here from the mountains of the far west. It is a fine specimen of the deer family, according to Mr. Johnston, and he says if he had had a gun he would have been tempted to have taken a shot at it.—Hopkins Journal.

OBITUARY.

George M. Ringold, son of George L. and Elizabeth McCullough Ringold, was born in Scott County, Ind., January 6, 1845. When he was eight years old the family moved to Clark county, Illinois, near the town of Marshall. At the age of seventeen he moved with parents to Nodaway county, Missouri, and settled on a farm three miles north and two miles west of Pickering. At the age of eighteen he enlisted in the Union army in the 43rd Missouri Infantry under the command of Capt. Right and served until the close of the war. After the war he came back to his home near Pickering.

In 1868 he was married to Judie Godsey. To this union was born four children, two of whom have preceded him in death. Those living are Mrs. Roy Wehrli of Mound City and James Ringold of Denver, Colo. The family resided near Clearmont until 1898, when they moved to Blackwell, Okla. After a two years' stay in Oklahoma, they moved to Plattsburg, Mo., and then to Mound City, Mo., where he resided at the time of his death.

About 1875 he was converted and united with the Central Friendship Baptist church of Nodaway county and since that time has lived a consistent Christian life and has been a faithful member of that church.

In his early manhood he joined the Masonic order at Pickering. He was one of the first members of the order in that community and has been faithful to the principles of Masonry until the time of his death.

He has been a good citizen, a faithful husband and a devoted father.

Besides the wife and two children he leaves to mourn his loss two sisters, Mrs. Jeanette Carpenter of Clearmont and Mrs. Annie Davis of Blackwell, Okla., and three brothers, John W., living near Pickering; James M., of Maryville, and Rev. A. T. Ringold of Northboro, Mass.

After a short illness of only a few hours he died at his home in Mound City October 26th, 1915 at the age of 70 years, 9 months and 20 days.

The funeral services were conducted at the home by Rev. Lewis M. Hale, pastor of the First Baptist church of Maryville and he was buried at Mound City. The services at the grave were in charge of the Masonic order of Mound City.

K. C. AFTER CONVENTIONS.

Hotel Accommodations and Central Location Told to Politicians.

Kansas City, Nov. 4.—Kansas City will get the Democratic national convention next summer if the hotel men have their way.

"I believe Kansas City should go after the convention with the united support of everyone," said S. J. Whitmore of the Hotel Muehlebach. "Kansas City is the logical location for the convention. It is centrally located and can accommodate the delegates and other visitors in every way. There is not a city in the United States where the hotel facilities are better, and I know of no building better fitted to accommodate the convention than our Convention Hall."

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION.

"Pape's Diapepsin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes.
If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

NO LICENSE FOR WABASH

Secretary of State Says Corporation Must Be in Missouri to Make Permit Legal.

Jefferson City, Nov. 4.—A license for the Wabash Railway company, now an Indiana corporation, to operate in Missouri, was refused today by Secretary of State Roach.

Secretary Roach sent a letter to J. L. Minnis, general solicitor for the railway, in which he quoted a Missouri statute of 1913 providing that no corporations, not chartered under Missouri laws, shall be authorized to carry passengers or freight from one part of the state to another. He also quoted a section of the statute which provides that no corporation can be licensed in Missouri unless it could be incorporated in this state.

The new Wabash company was incorporated in Indiana under a law which permits a railroad company to go into the business of buying and selling railroads. There is no similar law in Missouri. Secretary Roach pointed out, and consequently the Wabash could not be incorporated under the Indiana plan in this state.

St. Louis, Nov. 4.—Edward F. Kearney, president of the Wabash railroad, today said the road would be operated in Missouri under its constitutional rights, regardless of the refusal of the secretary of state to issue a license. By refusing the license, he said, the state would lose \$19,665—the license fee—which the railroad would be glad to have back.

If the Wabash did not operate trains in Missouri, he said, it would be subject to litigation.

MUCH ADLER-I-KA USED IN MARYVILLE

It is reported by the Koch Pharmacy that much Adler-I-Ka is sold in Maryville. People have found out that one spoonful of this simple buckthorn bark and glycerine mixture relieves almost any case of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. One minute after you take it the gases rumble and pass out. It is perfectly safe to use and cannot gripe.

WAR ON MOTHS THAT HURT TREES

Agriculture Department Helps
to Check Pests' Spread.

SEEKS TO REDUCE DAMAGE.

Entomologists Outline Plan For Infested Area, Telling How Effective Work Can Be Done In Doing Away With the Insects and Preventing Further Damage Next Year.

Washington. — The department of agriculture is making a special effort this fall to prevent the spread of gypsy and brown tail moths. It is the purpose of the government experts to put into operation some effective means of reducing further damage to orchards and forests by these pests.

In the areas infested by these pests much effective work can be done to reduce the damage that these insects are likely to cause the following year, according to entomologists of the department.

The caterpillars of the brown tail moth spin webs in the fall which remain on the tips of the twigs and branches during the winter. These webs should be cut and burned so that injury will not be caused by the caterpillars the following summer. Particular attention should be given to webs of this insect on trees which grow round dwellings or in orchards.

The apple, pear, cherry, oak and willow are among the trees which are favored as food by the brown tail moth caterpillars. In order to minimize the damage which is likely to result as much time as possible should

be devoted to cutting and burning worthless or seedling apple trees and wild cherry trees and brush. If this is done along the roadways and fences the appearance of the region will be greatly improved.

Care should be taken to protect pine and other coniferous trees, and hickory and ash should not be cut. They are not favored for food either by the caterpillars of the gypsy moth or by those of the brown tail moth.

A general cleanup such as has been mentioned will greatly assist in controlling this insect. The oak is a favored food of the brown tail moth and of the gypsy moth, and wherever it is possible to eliminate oaks less annoyance from these pests will be experienced.

In cutting wood in the winter for purposes of fuel the farmer would do well to select and cut trees which are favored as food by these insects. In this way he will not only secure the fuel which he desires, but will at the same time decrease the food supply of the pests mentioned.

It is needless to say that in cutting wood for fuel all sickly or diseased trees should be selected, so that the stand that remains will be healthy and vigorous. Each owner must make the selection for himself, but a great deal can be accomplished by planning the work a little in advance so that the necessary amounts of fuel can be obtained, the preferred food plants of these insects reduced in number and the condition of the wood lot improved.

The gypsy moth occurs in the egg stage during the winter, and much valuable work can be done in bringing about its control by treating the egg masses with creosote applied with a brush. This destroys the eggs so that the next brood of caterpillars is reduced.

For the information of residents of the district infested by the gypsy moth and the brown tail moth it should be said that this area has been placed under quarantine by the federal horticultural board. Nursery stock and living plants cannot be shipped outside the area unless the trees or plants have been examined by an authorized inspector.

Chick Swims to Flee From Dog.
Alpharetta, Ga.—A bird dog ran after a frying size chicken and made it fly into Thomas Manning's fishing pond here. To the surprise of the lookers-on, when the chicken struck the water it swam easily and gracefully to shore, a distance of about forty feet.

LUNCHEON IS THE MEAL

Since the War Restaurants in London Report Luncheons Taking the Place of Dinners.

Special to The Democrat-Forum.
London, Nov. 4.—Luncheon has come into its own in London as the meal for seeing and entertaining friends and this in circles above those where the meal is valued as an opportunity to elude the ban on treating. Not only fashionable restaurants, but the little French and Italian restaurants are losing habitual diners who do not care to face the darkened streets. But there has been a notable increase in the number of lunch patrons, so much so that tables have to be ordered in advance at quite modest establishments. Till lately, luncheon, except at the really smart restaurants, has not been regarded as a social meal. Women lunching alone, or in couples during an interval in shopping, and business men, with a sprinkling of the more Bohemian folk, used to make up the luncheon throng. Now, however, the restaurateurs are having much to their satisfaction to cater for family parties, a little lunch in town, with a matinee in the afternoon, taking the place of the little dinner followed by the theatre.

GOOD SALE AT LONG'S.

Spring Pigs Averaged \$24, and Total Price Was \$1,595.30.

A good crowd of buyers were at O. W. Long's sale of Poland-China and Duroc-Jersey hogs, held at the Long farm, northeast of Craig, Wednesday, October 27. The offering was in good condition and the spring pigs brought an average of \$24, which was considered a good deal below their worth. They could have brought a much higher average and still been a profitable investment to their owners. The total amount of the sale was \$1,595.30. Mr. Long will hold another sale next February, which will include hogs and cattle—a choice lot of bred sows and gilts of both breeds and Shorthorn cattle.

Nodaway county buyers at the sale were Uba New, J. E. Ward, James B. Ward and C. M. Driver, all of Skidmore.

Bankrupt Sale.

On Saturday, November 6, 1915, at 2 o'clock p. m., the stock of hardware of Harry W. McClain, a bankrupt, will be sold for cash at Clearmont, Mo., to the highest bidder, subject to the approval of the referee, John S. Boyer, St. Joseph, Mo. WM. T. HUMPHREY, Trustee.

HIGH COST OF SWEEPING.

Broom Corn and Dyes Are Increasing In Price Precisely.
Do your broom shopping early, Madame Housewife, for broom prices are going up, up, up, so high that the spring house cleaning custom threatens to become a myth on account of the high cost of sweeping. In the last week broom corn has advanced from \$130 to \$140 a ton. Prices in other years have ranged from \$75 to \$100 per ton. And the brook dyes which were selling at 85 cents a pound in August can scarcely be had now for \$7.00 per pound. Which means that brooms formerly selling for 30 to 50 cents will now bring 45 to 65 cents. Broom manufacturers say that the high prices are caused by the shortage of the broom corn crop, which the government reports show was only 70 per cent of last year's acreage and 50 per cent of this has been ruined by wet weather. Oklahoma is one of the largest producers of broom corn. The broom dyes come almost exclusively from Germany and cannot be obtained now.
